

La "Historia Misional" de Su Familia

HISTORIA FAMILIAR

Una de las MEJORES cosas acerca de My Mission (www.MyMission.com) y nuestras aplicaciones de misioneros, es lo que ellos harán por USTED y por SU FAMILIA!...

Grandes familias SUD están usando estas aplicaciones para recolectar, organizar y compartir la HISTORIA MISIONAL de su familia entera!

ELDER OAKS

On September 17, 2014, Elder Dallin H. Oaks posted the following pictures to his Facebook page....

Figure 1: Elder Dallin H. Oaks points to a family missionary map that hangs in his office.

"This map that hangs in my office is one of my most prized possessions. It details all of the missions that my wife, Kristen, my children, spouses of my children, and my grandchildren have served....

MISSIONARY DISPLAY

"For me, this map represents faith in the Lord, love of fellowman, and a family which has answered the call to serve."

YOUR FAMILY

Now you can do the SAME for your family!!!

With our missionary apps, you can easily create a state-of-the-art, digital missionary map showing all of the missionaries in your family.

- **Called to Serve** - Use the Called to Serve app to go back and add in all of the missionaries from past years for your entire family.
- **Missionary Display** - Use the Missionary Display app to view all of the missionaries collectively in your family as a group....

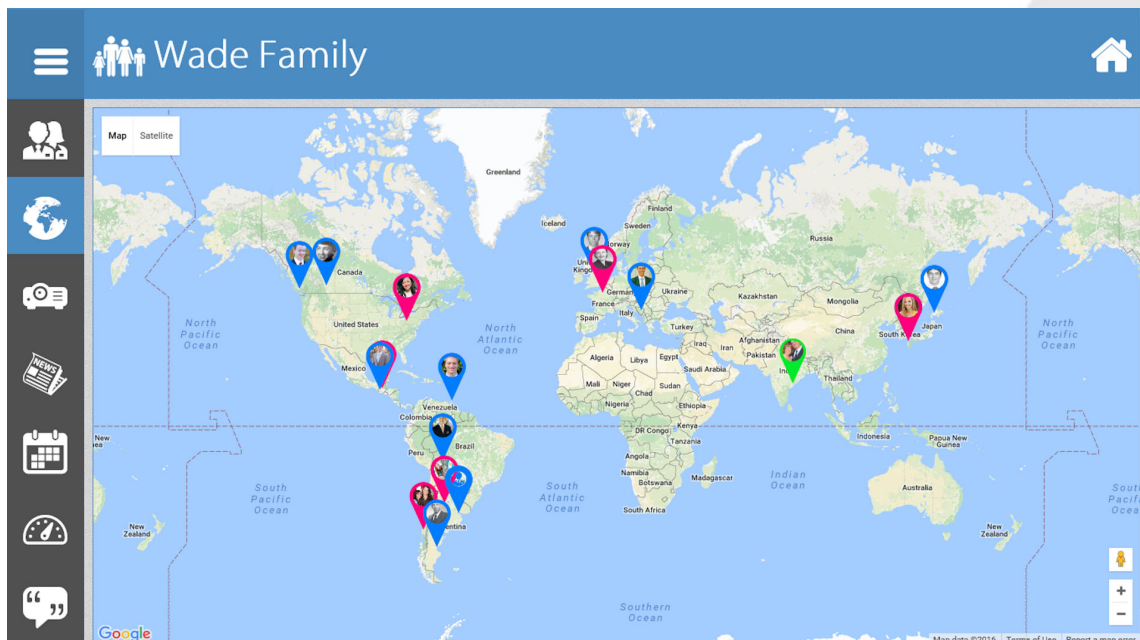

Figure 4: An interactive map shows where all of the missionaries in your family have served.

MISSIONARY DISPLAY

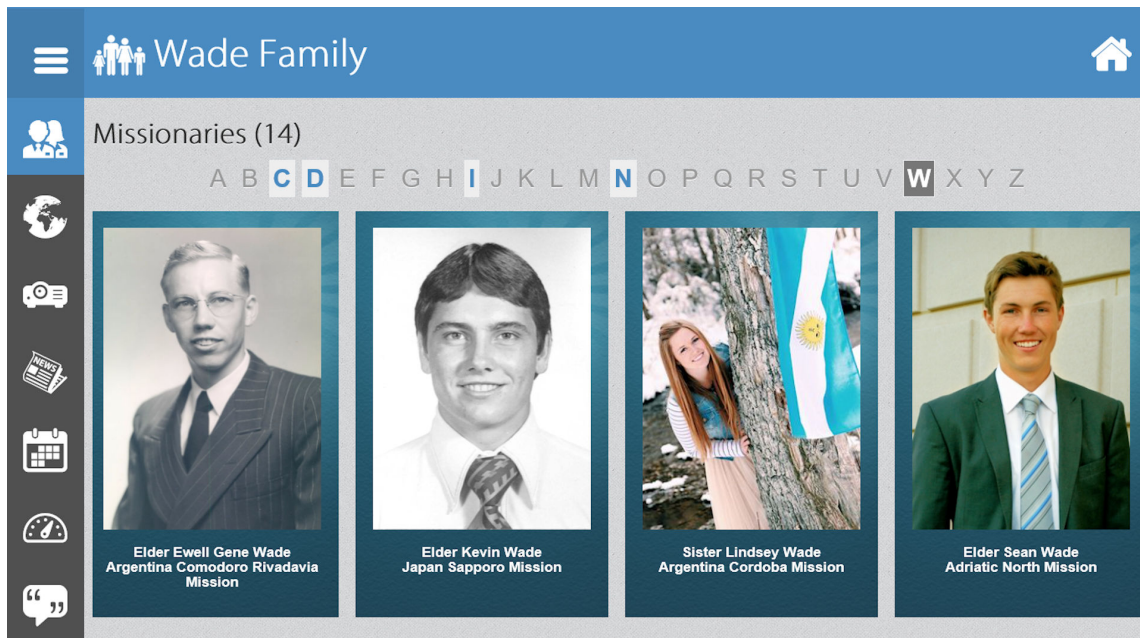

Figure 5: Directory displays an alphabetical list of all the missionaries from your family.

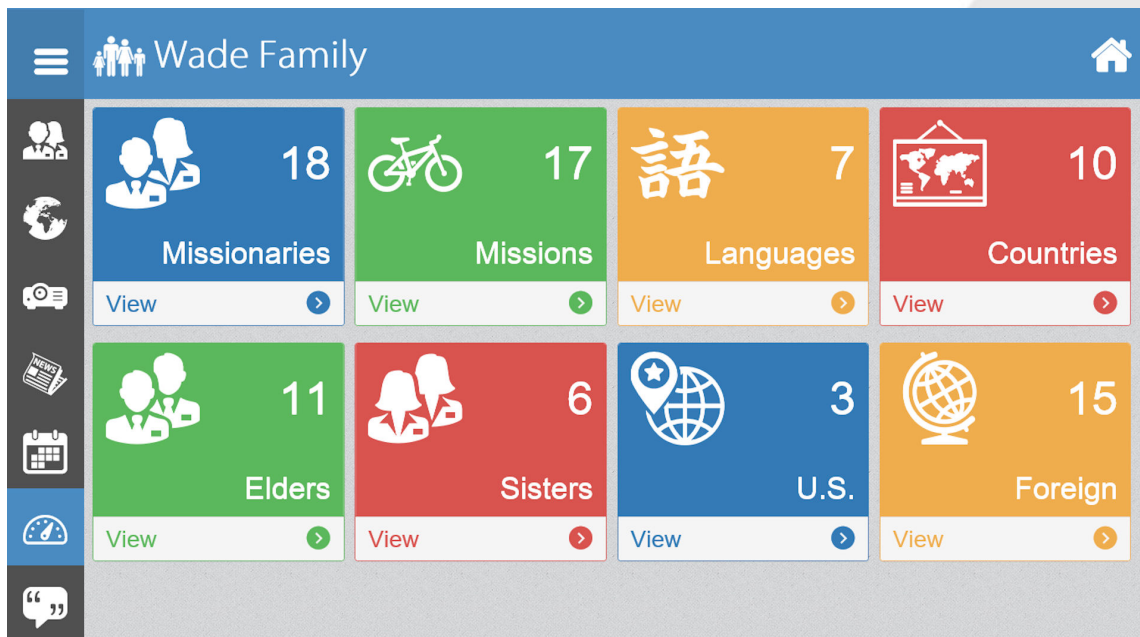

Figure 6: The dashboard shows missionary statistics specific to your family.

MISSIONARY DISPLAY

Figure 7: Tap any individual missionary to view all of their pictures and letters.

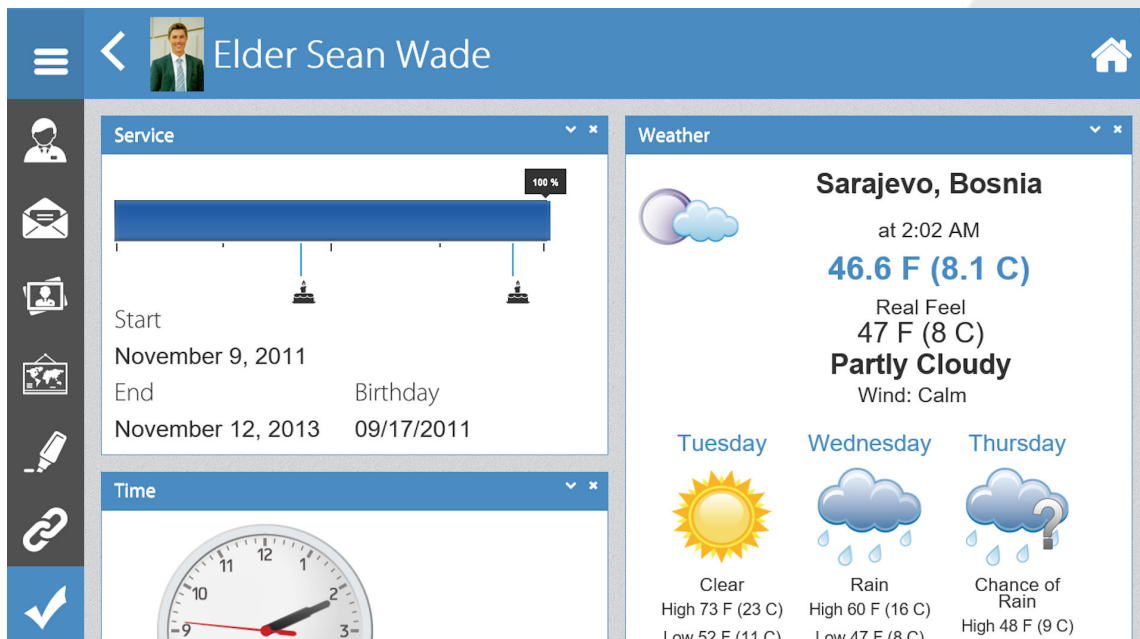

Figure 8: Status shows the service details, time and weather for the current missionary.

You can go back and add in all of the missionary pictures, journals, letters and stories for all of the missionaries in your family and extended family....

What's really cool is that you can use our Called to Serve app and voice-to-text to just "read" everything in.

FOR EXAMPLE

The Wade Family is doing this now. Their father served in the Southern States Mission. Their mother served in the French Mission.

They're using the Called to Serve app and voice-to-text to read in all of the missionary letters and journals for both of their parents....

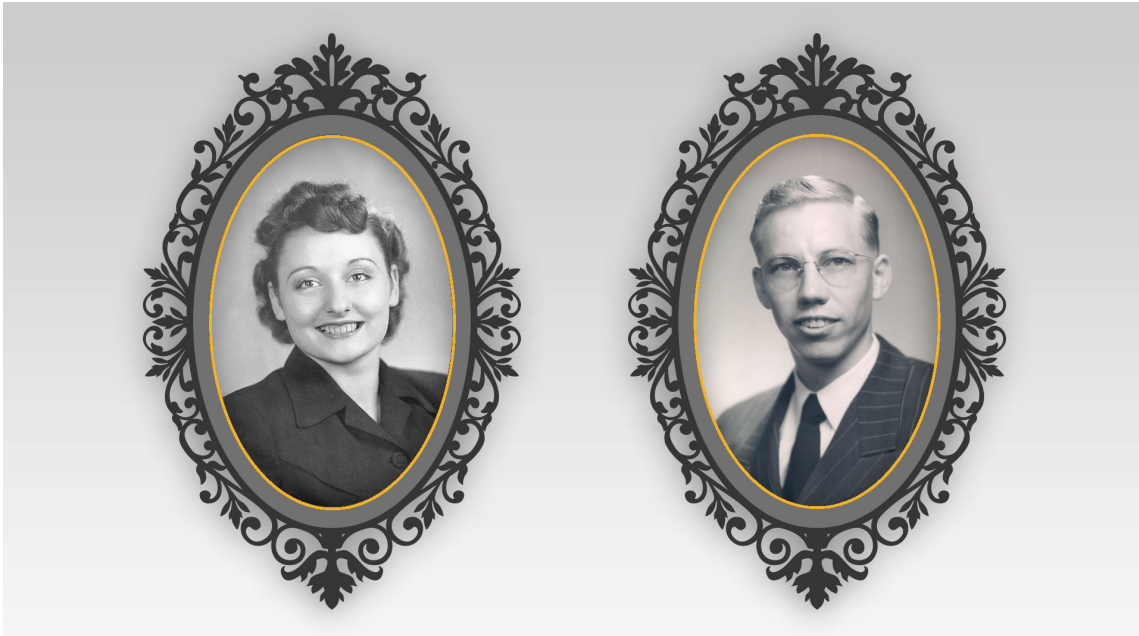

Figure 9: Sister Joy Ivie served in the French Mission. Elder Gene Wade served in the Southern States Mission.

Figure 10: Print missionary books, journals or photo albums for each of the missionaries in your family.

MISSIONARY DISPLAY

When they finish, they will have (1) three generations missionary books and (2) everything instantly accessible in our missionary apps....

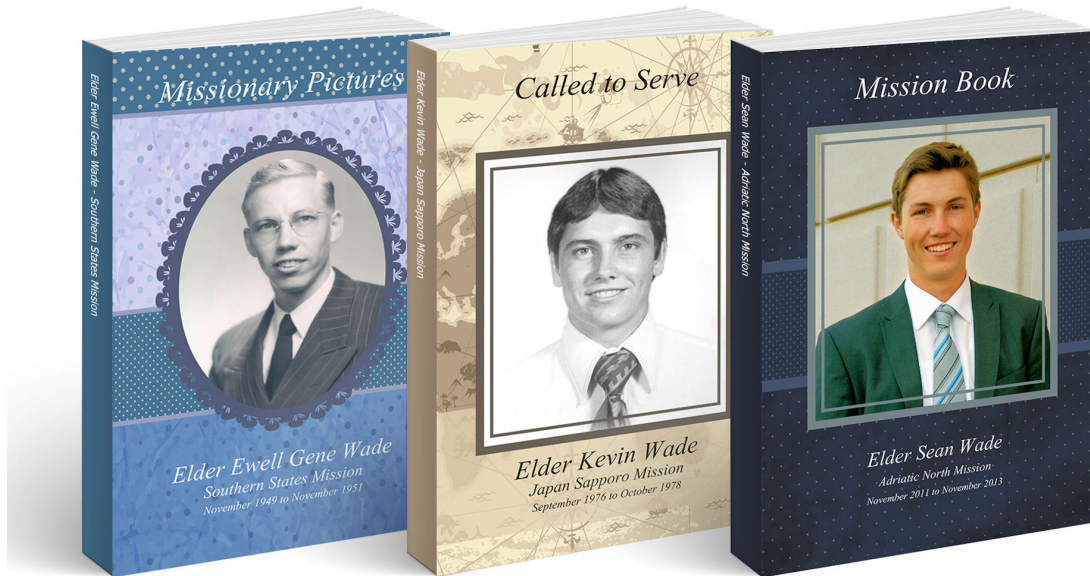

Figure 11: Print three generations of missionary books.
